

Assignment #2

Due Date: 5/15/17 by 9:00am

Deliverable: post your homework as a PDF file on D2L with the name "Assignment2_YourLastName,FirstName"

Requirements:

This assignment will complement Assignment #1 to achieve the following:

- In the unified process, artifacts are built incrementally through iterations and refinements in the different phases. Refine any artifacts you built in Assignment #1 if you see necessary
- Create the UML Analysis Model (class diagram) based on the requirements stated in assignment #1 and the artifacts developed in assignment #1

Deliverables:

- Complete list of classes used in your analysis model
- Complete list of class relations used in your analysis model
- Complete UML Analysis model diagram (class diagram)
- Capture the analysis model diagram (using shift+PrtScr) and save them as image(s) in the PDF file that you are submitting as the solution for this assignment.
